# CONTENTS

**Pest & Pest Control**

KAKAR, A., ANWAR, M., KAMRAN, K. AND IQBAL, F. Chemical control of codling moth, *Cydia pomonella* L. (Lepidoptera: Tortricidae) in relation to pheromone trap catches and degree days in upland Balochistan ........................................297

GUL, H.T., FREED, S., AKMAL, M. AND MALIK, M.N. Vulnerability of different life stages of *Bactrocera zonata* (Tephritidae: Diptera) against entomogenous fungi ........................................307

UJJAN, A.A., KHANZADA, M.A., MAHAR, A.Q. AND SHAHZAD, S. Efficiency of *Metarhizium* spp. (Sorokin) strains and insecticides against cotton mealybug *Phenacoccus solenopsis* (Tinsley) ................................351

**Microbiology**

ASLAM, A., AKHTAR, N., HASAN, F. AND SHAH, A.A. Prevalence and *in vitro* antifungal susceptibility pattern of *Candida* species in a tertiary care hospital, Rawalpindi, Pakistan ........................................335

SHAHID, M.G., ALI, S. AND NADEEM, M. Biosynthesis of ergot alkaloids by *Penicillium citrinum* through surface culture fermentation process ........................................417

MASOOD, F., YASIN, T. AND HAMEED, A. Production and characterization of tailor-made polyhydroxyalkanoates by *Bacillus cereus* FC11 ........................................491

**Entomology**

HONEY, S.F., BASHIR, M.H., KHAN, B.S. AND SHAHID, M. A new species of the genus *Euseius* Wainstein (Acari: Phytoseiidae) and re-description of *Euseius septicus* Chaudhri *et al.*, 1979 from Pakistan ........................................343

JAMIL, A., ABDIN, Z.U., ARSHAD, M.,
FALABELLA, P., ABBAS, S.K., TAHIR, M., JAMIL, A., MANZOOR, A. AND SHAINA, H. Multiple effects of host density on egg density and the sex ratio of progeny of Bracoon hebetor (Say.) (Hymenoptera: Bracidae) ..........................455
MUKHTAR, M.K. Two new species of the genus Cheirolanthium C. L. Koch (Araneae: Eutichuridae) from Punjab, Pakistan .................................................467
KHERBOUCHE, Y., SEKOUR, M., GASMI, D., CHAABNA, A., CHAKALI, G., LASSERRE-JOULIN, F. AND DOUMANDJI, S. Diversity and distribution of arthropod community in the lucerne fields in Northern Sahara of Algeria ..................................................505
KACAR, G. Biodiversity of spider species, interactions with horticultural crops and a new record for Turkey ................................................545
HUSSAIN, S., ALDROYHIM, Y. AND AL-DHAFER, H. First record of the aphid genus Coloradoa Wilson (Hemiptera: Aphididae) from Saudi Arabia, with some morphological notes on variation in C. rufomaculata (Wilson, 1908) (S.C.) ................................580
AHMED, Z., SANBORN, A.F. AND KHATRI, I. A key to the cicada fauna of Pakistan based on structural variation in the timbals (Hemiptera: Cicadoidea) (S.C.).589

**Palaeontology**

MAHMOOD, K., KHAN, M.A., SIDDIQI, M.K., BABAR, M.A. AND AKHTAR, M. New fossils of Giraffokeryx (Mammalia: Cetartiodactyla: Giraffidae) from Chinji formation, Pakistan .......................................................367

**Toxicology**

FOUAD, D. Antioxidant and modulatory effect of melatonin on hepatotoxicity and oxidative stress induced by orange yellow S in male rats .......................................................383
DKHIL, M.A., BAUOMY, A.A., DIAB, M.S.M. AND AL-QURAISHY, S. The antioxidant effect of Morus alba leaves extract on kidney, testes, spleen and intestine of mice ........................................393
AMBREEN, F., JAVED, M. AND BATOOI, U. Tissue specific heavy metals uptake in economically important fish, Cyprinus carpio at acute exposure of metals mixtures ........................................399
DUYSAK, Ö. AND DURAL, M. Heavy metal concentrations in tissues of short-finned squid Illex coindetii (Cephalopoda: Ommastrephidae) (Vérany, 1839) in Iskenderun Bay, North-Eastern Mediterranean ........................................447
HAMDANI, D.A., JAVEED, A., ASHRAF, M., NAZIR, J., GHAFOOR, A. AND YOUSAF, M.S. Effects of ketoprofen on cellular immune responses in mice ...............551
TAHIRA, I., SULTANA, N., HANIF, N.Q. AND MUHAMMAD, G. Melamine residues in pet food – Preliminary report (S.C.) .........................................................591

**Physiology**

YU, P.-H., WENG, C.-C., KUO, H.-C. AND CHI, C.-H. Serum progesterone and estradiol levels throughout the endoscopy-observed ovarian cycle in captive formasan macaques (Macaca cyclopis) ......409
YU, W., ZHANG, X., AHMAD, H., ZHAO, L., WANG, T. AND CAO, F. Intestinal absorption function of broiler chicks supplemented with Ginkgo leaves fermented with Bacillus species ...............479

**Cell and Molecular Biology**

AHMAD, A., ASHRAF, S., AL-GHANIM, K., MEHMOOB, S., TOOR, R.H. AND SHAKOORI, A.R. Anti-proliferative effects of arsenic, cadmium and lead on rat pups brain cells ..................515
ZHAO, G., HU, Y., CHEN, P., AND SHEN, Z. Ethanol-induced changes in neuron and astrocyte number in the rat cerebral cortex ...............................................559

**Anatomy**

DÜZLER, A., KABAK, M., ONUK, B. AND ATALAR, K. Arterial supply of the cranial cervical ganglion in roe deer (*Capreolus capreolus*).................................435

**Animal Diseases**

FATIMA, M., SAEED, S., SHAIKH, R.S., ALI, M. AND IQBAL, F. A study on molecular detection of *Theileria lestoquardi* by PCR amplification in apparently healthy small ruminants from five districts of Southern Punjab ...............441
IQBAL, U., AWAN, F. AND IJAZ, M. A report on uterine leiomyoma in nili Ravi buffalo (S.C.) ........................................................578

**Parasitology**

KHAN, W., NISA, N.U. AND KHAN, A. Diversity of intestinal parasites in male and female students and workers of education department of Swat, Pakistan (S.C.) ....................................................565

**Human Genetics**
